Subject: Conference Regarding Access Order

Nick,

On March 18, 2019, you sent me an email requesting a conference regarding the March 12, 2019, access order ("Order") issued to your client, Cannistra Realty LLC. The Order states that, if a conference is desired, it shall be requested within five days of receipt of the Order and held within five days of the request, unless the parties mutually agree to a date beyond that time. Your request for a conference to be held after April 16, 2019, is unacceptable to EPA, as I indicated to you by email on March 19. You informed me that you would speak to your client and ascertain if an earlier date is possible.

EPA still has not been provided with your client's and/or your availability for a timely conference. Pursuant to Paragraph 27 of the Order, we need to ascertain whether your client would like a conference and, if so, when in the next week or so that conference may be held. We wish to accommodate your client's request for a conference, but if we do not receive an answer shortly, we will conclude that a conference was not timely scheduled and the Order shall become effective. If this helps, and as stated in the Order, the conference may be held by phone and you may participate with or without your client.

Please respond as soon as possible with proposed dates/times if you remain interested in participating in a conference.

Thank you,

Margo
